THE TRUTH ABOUT PORNOGRAPHY

Have you heard the myths about pornography?

“It’s just not a big deal.”

“It doesn’t hurt anyone.”

“No one I know looks at it.”

We’re uncomfortable talking about pornography in church but the enemy is comfortable talking to anyone about it. LifeWay reports that 60% of Christians are involved with pornography.

We can’t leave this in the dark anymore!

PRESENTATION FORMAT

One Hour Workshop includes PowerPoint Presentation and Brief Video.

Sharon is available after the presentation for questions and consultation.
